**FBS Gold** (cat-no. PANP30-3033, 500ml)

Fetal Bovine Serum Gold only contains serum of highest quality from defined countries. A Certificate of Analysis indicating the country of origin is available for each lot of serum. In addition, BSA solution has been added to enhance the stability and robustness of the serum.

- Reproducible enhanced growth properties
- Eliminates batch-to-batch variation
- Low endotoxin level
- Suitable for many different cell types
- Continued high quality
- Attractive price

**Pancoll** - wide range - high purity - economic

Pancoll separating solutions contain a polysaccharide with a molecular weight of 400,000 daltons; PAN-Biotech offers a variety of ready-to-use products with a density of 1.063 g/ml up to 1.091 g/ml for a very wide range of cell separation applications.
