

Specialized Media for Primary Cells

Our media kits include:

- Basal Medium
- Growth Supplement
- Penicilin/ Streptomycin
- Fetal Bovine Serum

Low Serum Media (500 ml)

Cat. #	Product
7201	Adipocyte Medium
3201	Alveolar Epithelial Cell Medium
1811	Astrocyte Conditioned Medium
1801	Astrocyte Medium
1831	Astrocyte Medium-animal
6201	Cardiac Myocyte Medium
7061	Cervical Epithelial Cell Medium
4651	Chondrocyte Medium
1001	Endothelial Cell Medium
1021	Endothelial Cell Medium-rat
4101	Epithelial Cell Medium
4131	Epithelial Cell Medium-animal
2301	Fibroblast Medium
2331	Fibroblast Medium-2
5201	Hepatocyte Medium
1921	Macrophage Medium
2201	Melanocyte Medium
2211	Melanocyte Medium-PMA free
1401	Meningeal Cell Medium
7541	Mesenchymal Stem Cell Adipogenic Differentiation Medium
7501	Mesenchymal Stem Cell Medium
7531	Mesenchymal Stem Cell Osteogenic Differentiation Medium
1901	Microglia Medium
1531	Neural Precursor Cell Differentiation Medium
1621	Oligodendrocyte Medium
1631	Oligodendrocyte Precursor Cell Differentiation Medium
4601	Osteoblast Medium
4611	Osteoblast Mineralization Medium
1201	Pericyte Medium
1231	Pericyte Medium-mouse
7221	Preadipocyte Differentiation Medium
7211	Preadipocyte Medium
1701	Schwann Cell Medium
4521	Sertoli Cell Medium
3501	Skeletal Muscle Cell Medium
1101	Smooth Muscle Cell Medium
5301	Stellate Cell Medium
4701	Synovioyte Medium
6591	Trabecular Meshwork Cell Medium
7121	Trophoblast Medium

STEMium® Products

Developed for optimal growth of human embryonic stem cells and induced pluripotent stem cells under feeder-free culture conditions. (Cat. #5801, #5811 and #5821)

Specialized Media for Primary Cells

Popular Cell Culture Reagents

Cat. #	Product	Quantity
0703	Bovine Pituitary Extract	25 mg
0713	Bovine Pituitary Extract	100 mg
0753	Bovine Pituitary Extract - New Zealand	25 mg
0763	Bovine Pituitary Extract - New Zealand	100 mg
8248	Bovine Plasma Fibronectin	1 mg
0133	Cell Freezing Medium	50 ml
0143	Cell Freezing Medium - Serum Free	50 ml
8188	Collagen I from rat tail	10 mg
0303	Dulbecco's Phosphate-Buffered Saline	500 ml
0803	Insulin Transferrin Selenium	10 ml
0313	Hank's Balanced Salt Solution	500 ml
0733	L-alanyl-L-glutamine Solution	100 ml
0403	Poly-L-Lysine	1 mg
0413	Poly-L-Lysine	10 mg
OsrHSA	Recombinant Human Serum Albumin	1-100 g
0113	Trypsin Neutralization Solution	100 ml
0103	Trypsin/EDTA Solution	100 ml

Serum-free Media (500 ml)

Cat. #	Product
3211	Bronchial Epithelial Cell Medium
6101	Cardiac Myocyte Medium-serum free
5911	Cardiomyocyte Selective Medium
2951	Colonic Epithelial Cell Medium
6511	Corneal Epithelial Cell Medium
4121	Epithelial Cell Medium-2
2311	Fibroblast Medium-serum free
5501	HematoGro Medium
5521	HematoGro Medium-Animal Component Free
2101	Keratinocyte Medium
2111	Keratinocyte Medium-defined
2121	Keratinocyte Medium-animal component free
4511	Leydig Cell Medium
7611	Mammary Epithelial Cell Medium
7551	Mesenchymal Stem Cell Chondrogenic Differentiation Medium
7511	Mesenchymal Stem Cell Medium-serum free
7521	Mesenchymal Stem Cell Medium-animal component free
1511	Neural Precursor Cell Medium
1521	Neuronal Medium
1601	Oligodendrocyte Precursor Cell Medium
1611	Oligosphere Medium
2611	Oral Keratinocyte Medium
7311	Ovarian Epithelial Cell Medium
4411	Prostate Epithelial Cell Medium
3231	Small Airway Epithelial Cell Medium
1111	Smooth Muscle Cell Medium-serum free
5801	STEMium® Human Pluripotent Stem Cell Growth Medium
5821	STEMium® Medium-animal component free
5811	STEMium® Medium-xeno free
3911	Thymic Epithelial Cell Medium
2561	Tonsil Epithelial Cell Medium
4321	Urothelial Cell Medium

We also offer:

- Classical media
- Custom formulations
- And Media free of **Animal Components** and **Phenol Red**
